INPI, the OMPI and current industrial and intellectual
property laws.
Reproduction of any kind, in full or part, is strictly forbidden
without written authorisation of blachere illumination s.a.s.

It all started in 1973, in Apt, when Jean-Paul 1 Blachère lit up his first street. The locals' smiles and reactions confirmed that lighting has a unique magical power.

Lighting became his profession, one that he has pursued with dedication, creating a unique know-how and heritage that he has passed on.

For 50 years, we have been designing, creating and producing decor and illuminations in over 80 countries across the globe with as much enthusiasm as that very first day.

400 employees work every day to enhance cities around the world.

27 subsidiaries

1000 city illuminations in
more than 80 countries
as well as 800 shopping
centres worldwide

A BEAUTIFUL STORY

GLOBAL COMPACT

Launched in 2000, the United Nations Global Compact is the world's largest corporate responsibility initiative.

Since 2023, Blachere Illumination has been committed to the UN Global Compact's Corporate Social Responsibility initiative and its 10 Principles on human rights, labour standards, the environment and anti-corruption.

BLACHERE FOUNDATION

Our corporate foundation was created in 2004 by Jean-Paul Blachère and supports contemporary African creation and promotes artists from the continent. It presents exhibitions and hosts artists in residence at its art centre. It also arranges creative workshops in Africa and Europe and enters major African biennale exhibitions, including Dakar.

VILLAGE PRÉFÉRÉ DES FRANÇAIS

We are partners of the «Village Préféré des français». Having always contributed to the development of local economies and the influence of small municipalities, we are happy to have illuminated Esquelbecq (59) and Lavoûte-Chilhac (43), the municipalities that ranked 1st and 2nd in this competition.

OUR
 COMMITMENTS

⁴ BIOPRINT

when nature helps
to decorate.

A revolutionary material to
create **biodegradable,
recyclable and colourful
structures.**

Bioprint is derived from a GMO-free bio-sourced sugar cane transformed into dehydrated bioethanol in a French laboratory. The granules are dyed with clean dyes and this material is then injected into our workshops' 3D printers, so we can produce biodegradable, recyclable and colourful structures.

This process limits manufacturing scrap and allows for complete short-circuit recycling as we grind down our structures once they are no longer of use. Biodegradation is the decomposition of organic matter by microorganisms and has the advantage of minimising greenhouse gases.

**Bioprint, a recyclable and biodegradable biomaterial
made from sugar cane.**

OUR MATERIALS

EASY HANGING SYSTEM

The decoration is easily suspended thanks to this resistant carabiner attached to the Bioprint structure by a stainless steel rope and collar.

OUR AVAILABLE COLOURS

Everything starts with a pencil stroke... creation is the basis of all our projects.

In France and around the world, more than 30 designers imagine our decorations with care and passion.

They design the decorations of your cities and living spaces, proposing a hundred or so new designs each year to surprise you again and again.

Thanks to our innovations, we have found the right balance between ancestral know-how and industrialization:

From artistic ironwork to the most meticulous wiring, more than 6,000 custom-made decorations take shape in our workshops each year : The «Haute Couture» of illuminations.

At the same time, our catalogue decorations from our Summer and Winter collections are printed using plastic bottles manufactured in our workshop with 10 large-format robot printers. 435,000 eco-friendly decorations have been printed since 2016 and over 2,700,000 recycled bottles.

10 large-format robot printers

URBAN *DECORATIONS*

3D decor on the ground *bi-season arch & tree*

Discover our bi-seasonal urban furniture which changes over the seasons according to the chosen decoration kit.

First of all select your base:

A bright arch composed of pure white LEDs, livened up with wooden benches

A shade tree endowed with pure white LED spots and a white wooden bench base equipped with USB plugs.

Then, for a colourful summer look, add the **SUMMER** passive decoration kit to this base.

For a frosted look for year-end celebrations, add the **WINTER** bright decoration kit.

58 3D decor on the ground *bi-season arch & tree*

2D decors

Dressing city barriers & planters

Adorn your urban furniture with colourful environmentally-friendly decorations!

Marine, floral or butterfly theme — customise the decoration of your town barriers or planters.

You can choose the background colour of the decoration as well as the motif which will be applied on top, everything will be tailor-made in Bioprint, our biodegradable, recyclable material.

Customised project, contact us.

Make your street furniture a summer decoration.

3D decor on the ground

Tree corset

Embellish your tree trunks!

Our tree corsets will adorn and light up your **trees while protecting them and ensuring optimal hold.**

Available in bright or passive versions and in a wide array of colours, there are unlimited combinations to liven up your urban areas or green spaces with style and creativity.

Customised project, contact us.

Sorting waste, can be child's play !

2,700,000 bottles have already been recycled into Christmas decorations.

3D decor on the ground *Funny animal containers*

By encouraging today's youth to recycle is a major challenge that we have answered with creativity and fun. We have made this vital step a fun and playful collective act thanks to creating containers in the form of funny animals.

Placed in city centres or by beaches, whales, trains and other cute creations house recycling containers. The plastic bottles collected are recovered by specialist organisations who process the bottles to provide the raw materials we injected into our printers for the production of structures in Recyprint, our material made from PET (polyethylene terephthalate) from the food industry.

Thanks to Recyprint, we make beautiful and responsible Christmas decorations!

Decoration suggestion to adorn a small-size container, available on demand, ask your business manager.

3D decor on the ground *Fresco Villages and Cities*

Showcase the heritage of your village or town thanks to the original frescos, manufactured in Recyprint using recycled plastic bottles.

Your fresco will be the ideal decoration to draw attention to the heritage of your municipality and promote local tourism.

Set up on a roundabout at the town entrance or in the town hall square, it can also be lit up with LED spots placed on its base.

Custom project, contact us.

3D & 2D decor on the ground *letter & spotlights*

Decorate roundabouts of your town or village with our 2D lettering printed in Bioprint and mounted on a frame.

Each letter is equipped with two warm white spotlights that will enhance your decorations even at night.

Letters available in 1,40m and 2m height.

Custom project, letter 3D possible.
